Re: HMS School In-Service Day 3-18-2016

Dear Jeff:

Thank you for arriving at HMS bright and early with your carload of equipment and display in order to fulfill our need for an Employee Drug & Alcohol Awareness presentation as part of our all-staff In-Service Day, Friday, 3/18/16. From your shelves of household items, later turned into a staff interactive guess-the-drug-paraphernalia event, to your creative video and presentation, to your Q&As, you packed a lot of valuable information within the 45-minute period HMS allowed. It was obvious that a lot of work went into your polished presentation. It was very thoughtful and generous of you and Aaron to stay longer as staff engaged you in personal sidebar conversations.

I am sharing the S.P.E.A.K. home page with staff so they have a further understanding of your mission, the various programs, and availability to additional educational resources. Too, I will send you the collection of HMS staff comments your presentation.

Best wishes to you, Aaron and all at S.P.E.A.K. for the wonderful programs you have in action and those you are developing.

Sincerely,

Patricia Costa
Business Operations Manager
