Dear Jeff Templeton,

On behalf of the University of Pennsylvania Upward Bound Program, I would like to thank Mr. Kevin Evans of the S.P.E.A.K program for the wonderful and engaging "Food Safety and Cooking Demo" workshop that was held on Saturday, October 25, 2014. The lesson was excellent and the dish was spectacular! Your workshop was very informative and I have received great feedback from both the Upward Bound staff and students.

As a college preparatory program that serves high school students from the School District of Philadelphia, we are committed to providing our scholars with college access opportunities and informational workshops throughout the year to nurture their interests and educational needs. It is the support of community organizations, such as, S.P.E.A.K. that positively impacts the lives of our brilliant young people. Thank you for this partnership and I look forward to Mr. Evans workshop in January.

Sincerely,

Karletta A. Poland, MS.Ed
